1. C/SAG	9 Mar 78		BP	<p>This entire matter can get pretty involved. WILCOTT is or has alleged that while in (Tokyo) he was told that OSWALD was a (B-3) (Tokyo) station agent. WILCOTT security file does not reflect such information or allegation, but does reflect that Wilcott was a problem case. The HSCA interest in WILCOTT is now obvious but it would appear that OS can limit action to providing first names, last address etc. to names 3-20 on request previously forwarded to you.
